"Wadzanai Jane Siwela served as a full-time nanny for my daughter for the last 12 months (October 2011 to September 2012) . She cared for my daughter from the age of 3 months to 15 months. I highly recommend her for future employment. She was very dependable and I feel blessed to have her as a part of my children's lives. Jane has a kind-hearted, patient and nurturing personality. She provided my daughter with fantastic care and I always felt safe leaving my children with her. "

3 Referee Comment	<p>Wadz has been looking after our little Sabine from when she was almost 2 months old until this present day (Sabine has now just turned 3 years). During this period she looked after Sabine with great care, tenderness, love and devotion. When I leave for work every day (even on the days that Sabine is sick), I can do so with peace of mind and knowledge that Sabine will be well looked after and kept safe. But when it comes to leaving your child with someone else, you also want the peace of mind that not only will your child be kept safe from harm, you also want to know that she is being cared for with kindness and that she is given attention and love. I am very grateful to be able to say that my little girl Sabine has all of that when in the care of Wadz.</p> <p>Wadz followed a daily routine with Sabine (we are a family who like to stick to routine) which included age appropriate stimulation activities, free play and sleep. She prepares healthy balanced meals for Sabine (always consisting of green veg, colour veg, starch and protein) and also makes sure that Sabine gets her cooked breakfast porridge every morning and fruit and healthy snacks during the day, along with making sure she drinks lots of water. Wadz always takes great care to ensure that Sabine's appearance is neat and pretty (and the hairstyles that Wadz can create with Sabine's hair are impressive!).</p>
Child minder exam mark	2008, achieved 97%, happy for her to come for a free refresher.
